(Participant list enclosed)

1. Welcome - Dr Karoly Illy

2. Approval of the agenda.

Agenda Approved

3. Introduction of new country delegates from primary care.

Prof Nebojsa. Kavaric (Montenegro)

4. Short follow-up of projects planned in 2019 & 2020.

Presentation: Dr Peter Altorjai

Developing a strategy on the quality of PPC, 'change the domain'

- Maria Herzog PhD: Senior policy analyst, national project manager. Chief scientific advisor of Childonomics at Eurochild.
- Collaboration on finding proof of PPC superiority from economical/advocacy aspect
- EUROCHILD: a network of organizations and individuals working in and across Europe to promote the rights and well-being of children and young people
- Childonomics: framework *measuring the long-term social and economic value of investing in children*
- No new significant developments have been made. The new chair for the EAP should continue with this project.

European Forum for Primary Care

- EFPC conference canceled, e-event on pandemic
- Postponed to February

Praxis teamwork modalities

- Solo paxises (single practitioner)/ praxis communities / group praxises
- ,EAP survey planned: no existing data from demography studies (Katz, van Esso neither from EU projects (MOCHA) on actual distribution
- ***Develop and maintain a simplified set of measure for PPC – collaboration with rare Disease Working Group***
- EURORDIS / Microsoft / Shire Biotech: 'Global Mission to end the diagnostic 'odyssey for children with rare diseases

Developmental dysplasia of the hip (DDH)

- Early February: ICODE consensus paper circulated to EAP's one national delegates (one per country). – No Response So Far.
- May: proposal to be endorsed online
- Request to interact with ICODE on addressing the Journal of American Academy of Orthopaedic Surgeons. JAAOS: paper published from Vancouver, CAN recommend that DDH detection could be cancelled/postponed to a later stage (over 4 months)

5. New challenges to primary paediatric care during the COVID-19 pandemic.

- Reduced number of encounters, visits: pattern of RFEs (Reason for encounters)
- Postponed screening /delayed diagnosis and therapy
- Telemedicine: the pros & cons
- Requirements from public authorities to be public health experts (EAPS 2020, Barcelona)
- Changing age distribution / praxis distribution

6. Presentation of the candidates and the procedure of the elections to the chair of primary care working group.

Introduction Prof Zachi Grossman, Israel.

Israel is now a full member.

Presentation of plans for primary council care chair.

Prof Nebojsa Kavaric, Montenegro.

Experience and qualities make for a good candidate for chair. Presentation of plans for primary council care chair.

Poll and voting for primary care chairmanship.

Dr Karoly Illy – word of thanks to Peter Altorjai for the time that he served as chair

Ann de Guchtenaere announced: Prof Zachy Grossman was elected as the new chair of the primary care working group of the EAP.

7. Any other issues.

MGC – A draft proposal is available. The suggestion is to have this document used as part of the training curriculum. People are excited and interested to join the MGC.

Around 30 people from different specialties have joined. Attendees are encouraged to join.

ECPCP – The willingness of all the members, are very enthusiastic to join forces to work together for this profession. To promote children health across Europe. EAP is always open to any collaboration from any society from any country. Looking forward to speaking in one voice.

Vote of Thanks – Stefano del Torso

8. Closure of meeting.

Dr Peter Altorjai

Primary Care Council Session on 21 January at 18h45 CET (Brussels)
